IT ORGANIZATION

IT RESPONSIBILITIES

- Comprehend and Support All Departments' Business and Process Requirements
- Define and Implement a Technology Strategy
- Implement Technology Projects
- Maintain Computers, Telephones, Networks

IT RESPONSIBILITIES

- Computers, telephones, networks
  - 800+ desktop and laptop computers
  - 800+ telephones
  - 100+ Servers
  - Fiber wide area network
  - Wireless networks in City Hall/Library, Police Dept. and Fire Dept.

IS/GIS RESPONSIBILITIES

- Application Support
  - Cityworks
  - Class
  - Geographic Information Systems
  - Library Systems
  - Munis
  - Trakit
  - 60 + Applications

GIS FUNCTIONS

- Provide support to all City Departments
  - Application Support
  - GIS Data Maintenance
  - Mapping
  - Analysis
  - Integration
  - Training

WHAT IS GIS

GIS is a collection of computer hardware, software, and geographic data for capturing, managing, analyzing, and displaying all forms of geographically referenced information

Quote from ESRI website: http://www.gis.com/whatisgis/whyusegis.html

America's Highway: Oral Histories of Route 66

Jay Crim and Shekar Davarya spent the summer of 2002 driving across the country on Route 66, collecting interviews with the people who live, work and travel on the old road. The audio, video and images on this map are the result of that summer, and offer a glimpse into what life was like on the now-decommissioned highway and what remains for those who still travel the road. The America's Highway project was intended to create both a history lesson on America of the past as well as a travel guide for visitors on 66 today. The work was supervised by Professor Bill Leslie, History of Science Department and Mike Reese, Center for Educational Resources, The Johns Hopkins University.

Photo: Cadillac Ranch

Ever wondered what you'd do if you were a millionaire? Stanley Marsh buried ten cadillacs face-down in a field just west of Amarillo, TX. Visitors add their own graffitied messages to the cars.

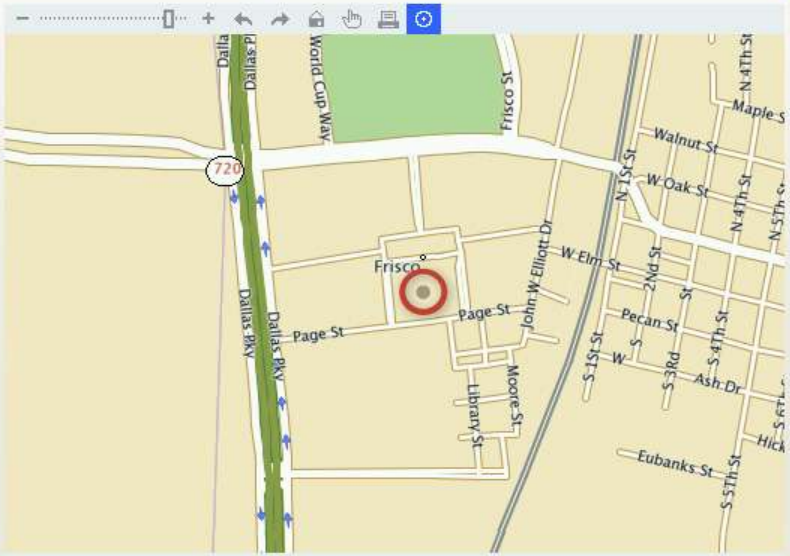
NAVTEQ Map Reporter™

1. Where is the location of your requested update?

Country: United States

Address | Lat/Long

(enter as much of address as known)



Map: **Static** | Interactive

INSTRUCTIONS: Complete the address entry form located above the map. Confirm the address entry to place a map marker where your update is located. If the address entry form does not find your address, zoom into the map by drawing a box around the location with your mouse cursor. Then, switch the cursor tool to the marker tool (far right in tool box above map) and click where your update is located.

2. Type of feedback (see our support page if your Map Report appears correct in the map above or our Map Update Store to upgrade your map)

Choose from list:

Address

- ○ address is missing
- ○ address appears in the wrong location
- ○ address should be removed

Point of Interest (POI) (bank, store, etc.)

Business Owners: See our Direct Access program to regularly keep your POIs up-to-date

- ○ POI is missing
- ○ POI has incorrect details (location,category,phone number,etc.)
- ○ POI should be removed

Road and Road Feature

- ○ road is missing
- ○ road is in the wrong place or has the wrong shape
- ○ road should be removed

Traffic Restriction

- ○ add restriction
- ○ incorrect restriction
- ○ remove restriction
